

MICHAEL CHÁLYKH

Design Engineer

with focus on interfaces for mobile apps

M [mch.design](#) inbox@mch.design

I'm a designer with 9+ years of experience in product design, I had an opportunity to work with major companies and startups in the early rounds.

Design's Culture. We create products for people.

Experience

Yandex

Yandex.Drive

Aug 2023 – [Currently](#)

- Join to Yandex as a Senior Product Designer
- I'll be working on a car-sharing product called Yandex.Drive

Part-time designer

Aug 2014 – [Currently](#)

- Work with enterprise companies, including B2C/B2B SaaS startups from the US
- Create design systems for different tech clients
- Help design teams release MVP at the early stage
- Designed a lot of features that helped improve product metrics

PIK Digital

Feb 2019 – Aug 2023

- Developed and prototyped personal accounts of clients
- Led product design process in teams as a Design Lead
- Initiated design research, tested hypotheses, etc.
- Developed a design-system with front-end developers to accelerate the prototyping process
- Fully formed the design process in teams, outlining how designers should solve the task and how to understand when the task is completed
- Worked with customers and processed feedback from them

BTS Digital

Sep 2018 – Jan 2019

- Worked at a major company in Kazakhstan on government products
- Entirely designed a product for scanning and storing biometrics
- Supported the core product of the company
- Participated in a development of the design system

Kolos Group

Aug 2014 – Aug 2018

- Started my career as a web-designer, working on the websites for companies
- When the company's focus changed, I moved on to the development of mobile apps for iOS and Android
- Designed apps that are daily used by over 10,000 people per month
- Learned how to stay in tune with developers and test design solutions

Personal Interests

- Learn the Swift language in my spare time
 - Follow the development of AI technology (this text wasn't written by ChatGPT)
 - Explore no-code tools for quick hypotheses testing
 - Study English, my key goal's to communicate my vision to people from around the world
 - Work hard at the gym 3 times a week
-
